

Foods 30 Course Outline

Teacher: Mrs. G. Cote

gcote@rvschools.ab.ca

Textbooks: Food for Life, Food for Today, and Guide to Good Food

GOOGLE CLASSROOM: Grade 30 Foods – Class Code is – ruxguwf

This course is an Advanced Level Foods Course. In this course we will cover a minimum of **three modules**. **Each module is worth 1 credit toward your high school diploma (a score of 50% or greater is necessary to earn your credit)**. There will be teacher directed time as well as independent work time. ***Students should note, you can expect at least 50 % of the course to be theory oriented and enhanced by labs where applicable. The course fee is \$52.00 for 3 credits – billed through "School Cash Online".*

Advanced Level Modules: (We will complete a minimum of 3 credits)

FOD 3160 Regional Cuisine

Students explore the cuisine of another region, to appreciate the richness of its history and culture. They discover the foods, experience traditional cooking methods, and learn about food customs.

Evaluation: 45% labs, 15% test, 40% activities. Test: Wednesday, Feb. 28/24

FOD 3080 Advanced Meat

This module is an extension of the Basic Meat module. Students will prepare a variety of meat dishes and have a greater understanding of meat cookery. Students will demonstrate a knowledge of food safe practices when cooking with meat – checking temperatures and safe use of tools and equipment. Students learn the composition and structure of meat products and select appropriate cooking methods of moist and dry heat cookery for a successful product.

Evaluation: 45% labs, 15% test, 40% activities. Test: Friday, March 15/24

FOD 3030 Creative Baking

Students learn about specialty cakes and pastry products, by selecting and creating various specialty cakes, pastries, and desserts. Students are scored on presentation of their product. (No module exam)

Evaluation: 70% labs, 30% activities. Credit ends: Thursday, April 18/24

There are **no exemptions** from the food science exams. There are no midterms marks for the Food Science 20/30 course. You will receive final marks for each credit earned on your report card. **There is no cumulative exam given for the term.**

DATES to NOTE:

Regional Cuisine Module Exam – Wednesday, February 28th/24

Advanced Meat Exam - Friday, March 15th, 2024

Creative Baking (no exam) -module ends – Thursday, April 18th, 2024

Appeal Procedure: Students will have seven days to appeal an activity/lab mark or an exam score following the date of return of the corrected paper. Assigned work that is not passed in by the due date will be recorded as a "0"m (missing). The missing work must be passed in within two weeks of the due date or it will not be accepted to be marked.

Supplies Required: A duo-tang will be provided. You **must supply your own loose leaf and a pen/pencil must be brought to every class**. Students with long hair must have an elastic to hold hair back for the labs (these are also provided). Aprons are supplied for the cooking labs and must be worn.

Student Responsibilities: If you are not feeling well or have been sick, you should not attend a foods lab. Please come to class on time; be prepared with all your supplies; be attentive and ask questions by raising your hand; observe and practice safety rules in the lab; keep a neat and organized notebook, treat each other politely and with respect; be honest. Water bottles are permitted. Students may not leave the classroom without the teacher's permission.

Attendance is important as this is a skills course. If you miss a class, then it is **your responsibility** to find out what you have missed and do the work and pass it in. Missed labs are recorded as "m", (missed and scored at a "0"), and you are required to complete the lab at home and pass in a parent signed verification/evaluation form before the end of that module to receive credit for the lab. Check Power School.

Late Policy: If you arrive in class after the bell, you are marked "late" on the computer "Power School" attendance program. The first and second time you are late you will receive a warning. Subsequent lateness to class will involve parents and administrative support. If you are coming late to class from another class, please bring a note from that teacher for admittance. This is a cumulative process for the term.

Cell Phones and iPods: Leave you cell phones in your locker! If you bring one to class, you must keep it out of sight during lab and lesson times. You may listen to your music during independent work time with Teacher permission.
